

ISSF Annual Conservation Measures & Commitments Compliance Report

2017 Audit Period, published:
June 2018

Overview

Per the [ISSF Strategic Plan](#), *Advancing Sustainable Tuna Fisheries*, ISSF will: Ensure participating company compliance with all ISSF conservation measures – with an emphasis on traceability from product to processing facility to fishery to vessel – and communicate results publicly to promote transparency, and to support and enhance ISSF’s credibility and influence among interested stakeholders.

Audit Process

ISSF engaged MRAG Americas to conduct an audit of the performance of the participating companies against the conservation measures and commitments in-force during the above audit period. MRAG developed the following categories of conformance that provide interested stakeholders with an explanation of conformance by individual measure:¹

CATEGORIES OF COMPLIANCE

 Conformance	Company can provide evidence of full compliance.
 Minor Non-Conformance	Company does not fully comply with a particular conservation measure or commitment, but this does not compromise the integrity of ISSF initiatives. <i>Example: Participating Company submitted RFMO data beyond the stated deadline.</i>
 Major Non-Conformance	Company does not comply with a particular conservation measure or commitment, and this compromises the integrity of ISSF initiatives. <i>Example: Participating Company did not submit RFMO data.</i>

AUDIT RESULTS as Reported March 2018

All companies; across all measures

¹ The auditors may also make a finding of “Observation” with regard to a particular conservation measure when a Participating Company is in conformance with that measure, but there is a high risk that a non-conformance could occur inadvertently without implementing preventive action. In addition, in some circumstances where a particular conservation measure is not applicable to a Participating Company, the audit report will contain an “N/A” finding. Both of these findings are considered to be a Conformance as described above for reporting purposes.

Aggregate Company Compliance Performance

Tracking Aggregate Compliance

This report details the level of compliance with each conservation measure and presents aggregate compliance by individual company. A summary view of each company's compliance is presented in this report.

Each individual company's full compliance audit results for 2017 as reported by MRAG, which feed this aggregate report, were [published on the ISSF website](#) in March 2018.

This report will be updated in the fourth quarter of 2018 to reflect any improvements in compliance by ISSF participating companies. Any improvements in a company's compliance made before the publication of the update of this report will be noted in the individual company's compliance reports, available on the ISSF website.

Compliance Overview

MRAG's audit for the reporting period showed:

- **16 companies** were in **CONFORMANCE** with all 22 measures in effect during the reporting period.
- **10 companies** had at least one **MINOR NON-CONFORMANCE**, for a total of 13 minor non-conformances.
- **4 companies** had at least one **MAJOR NON-CONFORMANCE**, for a total of five major non-conformances.

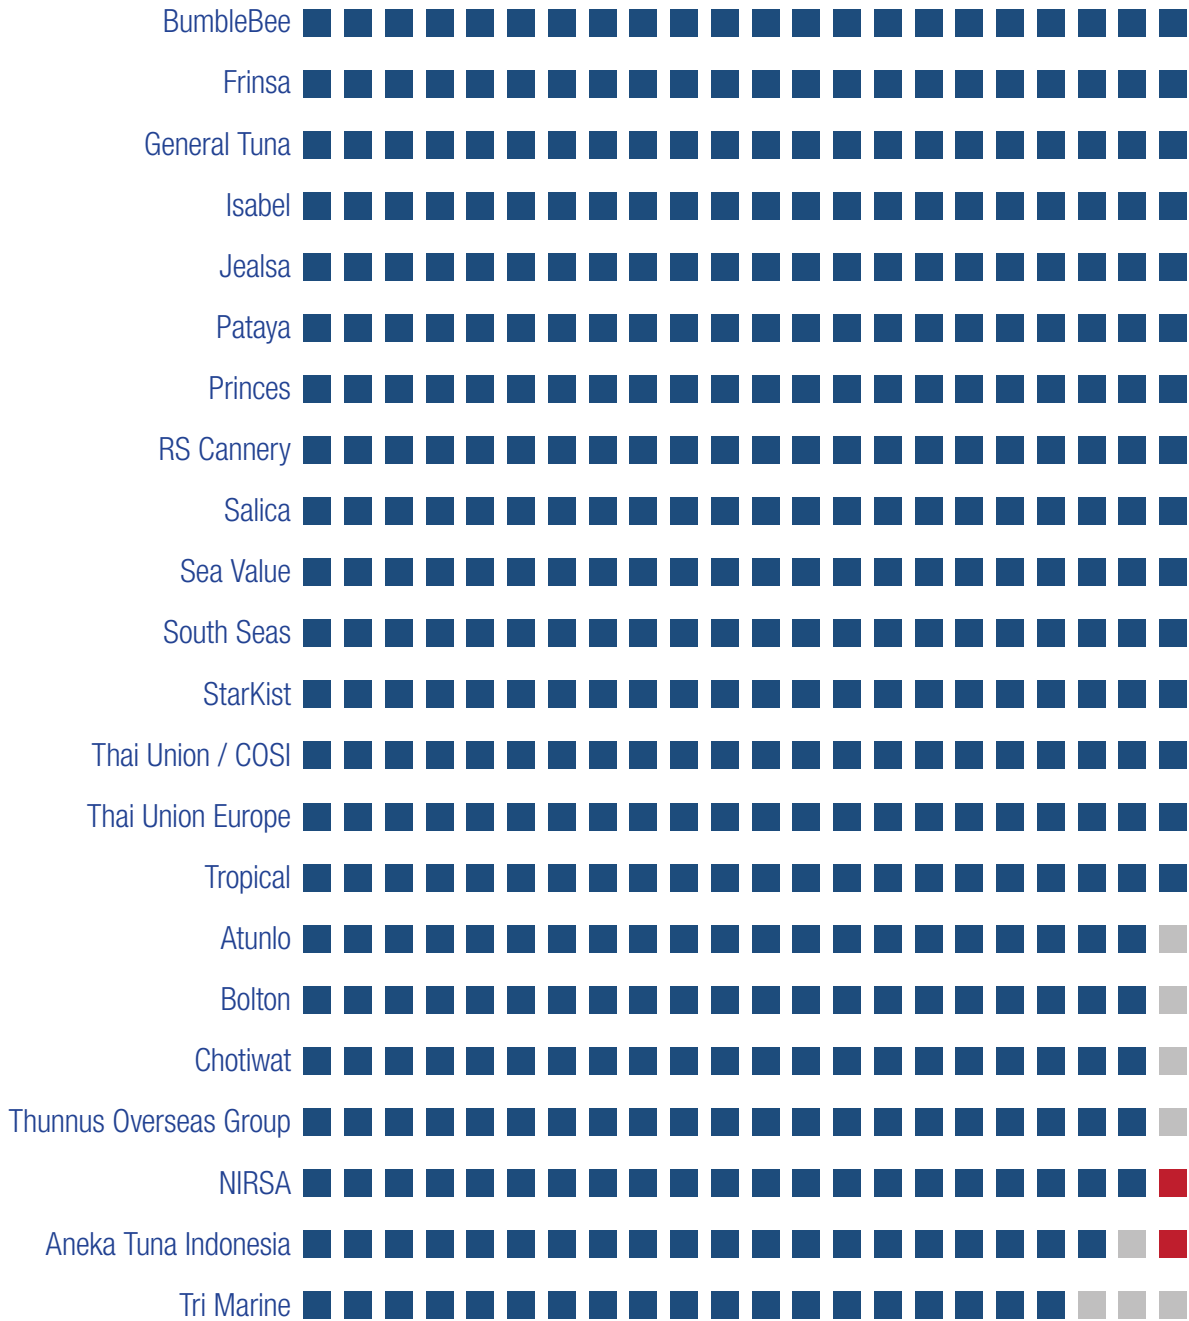

CONSERVATION MEASURES AND COMMITMENTS WHERE MAJOR NON-CONFORMANCE OCCURRED

	4.2 Purse Seine Vessel Unique Identifiers	Company could not provide Unique Vessel Identifiers for several of the purse seine vessels it sourced from during the audit period.	 companies with major non-conformance
	4.3 Observer Coverage	Company could not provide evidence of observer coverage on some of the vessels it sourced from.	
	6.1 Transaction Ban for LSPS Vessels Not Actively Fishing for Tuna*	Company purchased from vessels not on the ISSF Record of Large-Scale Purse Seine Vessels. *as of Dec. 31, 2012.	
	7.3 Purchases from PVR Vessels	Company purchased from large-scale purse-seine vessels not on the ISSF ProActive Vessel Register.	

AGGREGATE COMPLIANCE, BY MEMBERSHIP TYPE (27 COMPANIES*) – as Reported March 2018

*Companies are listed in order of level of compliance, then alphabetically.

CHANGE OVER TIME IN AGGREGATE COMPLIANCE (ALL COMPANIES)

ISSF PARTICIPATING COMPANY COMPLIANCE BY CONSERVATION MEASURE* (27 COMPANIES)

*as Reported March 2018

	1.1 RFMO Authorized Vessel Record	All purchases must be from vessels listed on the authorized vessel record of the RFMO governing the ocean area in which the tuna was caught, at the time of the fishing trip, so long as the vessel is of a size subject to listing in the RFMO authorized vessel record.	Fully compliant: 27
	1.2 RFMO Participation	All purchases must be from vessels flagged to a member or cooperating non-member of RFMO relevant to fishing area.	Fully compliant: 27
	2.1 Product Traceability	Participating company must demonstrate ability to trace products from can code or sales invoice to vessel and trip.	Fully compliant: 27
	2.2 Quarterly Data Submission to RFMO	Send information as described in the measure to RFMO scientific bodies for each quarter by the last day of the following calendar quarter.	Fully compliant: 20 Minor non-conformance: 7
	3.1 (a) Shark Finning Policy	Company establishes and publishes policy prohibiting shark finning.	Fully compliant: 27
	3.1 (b) Prohibition of Transactions with Shark Finning Vessels	Refrain from transactions with vessels that have shark finned within two years of the product purchase date (as found by RFMO or competent national authority).	Fully compliant: 27
	3.1 (c) Prohibition of Transactions with Companies without a Public Policy	No transactions with companies that do not have a public policy prohibiting shark finning.	Fully compliant: 27
	3.2 Large-Scale Pelagic Driftnets	No transactions with vessels using large-scale pelagic driftnets.	Fully compliant: 27
	3.3 (a) Full Retention of Tunas	All purse seine caught tuna (skipjack, yellowfin and bigeye) retained onboard, except those unfit for human consumption as defined, or when in the final set of a trip, there is insufficient well space to accommodate all fish caught in that set.	Fully compliant: 27
	3.4 Skipper Best Practices	Unless exempt per Conservation Measure 8.1, skipper has attended an ISSF Skippers Workshop in person, has viewed the Skippers Workshop video online, or has reviewed the Skippers Guidebook.	Fully compliant: 25 Minor non-conformance: 2
	NEW during this audit period 3.5 Transactions with Vessels that Use Only Non-entangling FADs	Scientific studies have shown that FADs, when constructed with materials such as loose old netting, can entangle vulnerable species such as sharks. While some RFMOs have adopted a transition from traditional FADs to non-entangling FADs, others have not.	Fully compliant: 26 Minor non-conformance: 1

June 2018

Updated Sept. 2018

page 5/6

	4.1 Unique Vessel Identifiers – IMO	All purchases must be from vessels with an IMO UVI number if the vessel is capable of being registered by IMO.	Fully compliant: 27
	4.2 Purse Seine Unique Vessel Identifiers	All purse seine vessels with which the company transacts in tuna, and which are not able to receive an IMO UVI number, must have a TUVI issued by CLAV or ISSF.	Fully compliant: 25 Minor non-conformance: 1 Major non-conformance: 1
	4.3 (a) Observer Coverage	Evidence of 100% observer coverage (human or electronic) on large-scale purse seine vessels unless exempt or prevented by force majeure.	Fully compliant: 25 Minor non-conformance: 1 Major non-conformance: 1
	4.4 (a) Transshipment	No transactions in tuna where transportation included transshipment, except when exempt.	Fully compliant: 27
	5.1 IUU Fishing	No transactions with vessels on any tuna RFMO IUU vessel list.	Fully compliant: 27
	5.2 IUU Product Response	No IUU purchases. If IUU is found, company must withdraw these products from the marketplace.	Fully compliant: 27
	6.1 Transaction Ban for Large Scale Purse Seine Vessels Not Actively Fishing for Tuna as of 12/31/2012	Demonstrate that all purchases from large-scale purse seine vessels are from vessels actively fishing for tuna as of December 31, 2012 and listed on the ISSF Record of Large-Scale Purse Seine Vessels.	Fully compliant: 26 Major non-conformance: 1
	6.2 Requirements for Inclusion in ISSF Record of Large Scale Purse Seine Vessels	Demonstrate that purchases are from large-scale purse seine vessels that meet the requirements for inclusion on the ISSF Record.	Fully compliant: 27
	7.1 Registration of Controlled Vessels	Register all controlled purse seine vessels on the PVR.	Fully compliant: 26 Minor non-conformance: 1
	7.3 Purchases from PVR Vessels	For fishing trips beginning on or after January 1, 2016, source 100% of skipjack, yellowfin and bigeye tuna caught by large-scale purse seine vessels from vessels registered in the PVR.	Fully compliant: 25 Major non-conformance: 2
	8.1 Exemption for Very Small Purse Seine Vessels	Very small purse seine vessels (less than 30 GT) are exempted from the following ISSF Conservation Measures: 3.4 Skipper Best Practices 4.2 Purse Seine Unique Vessel Identifiers 4.4(a) Transshipment	Fully compliant: 27
