

Providing Data to Tuna RFMO Scientific Bodies

Under the requirements of Conservation Measure 2.2, processors shall submit the data described in the measure to the appropriate RFMO scientific bodies. To submit this data, please use the following e-mail addresses:

- IATTC – Guillermo Compean (gcompean@iattc.org); Nick Vogel(nvogel@iattc.org) and datahandlers@iattc.org
- ICCAT –stats_info@iccat.int
- IOTC –James Geehan (james.geehan@iotc.org) and iotc-statistics@fao.org
- SPC for WCPFC–Peter Williams (peterw@spc.int) and OFPDataReception@spc.int

In addition to submitting the data to the RFMO scientific bodies, and for ease of validation in the audit process, please copy rfmodata@iss-foundation.org or audit provider on the e-mail to the RFMO. You must submit the required data to the RFMO and provide evidence during the audit process that you have done so.

ISSF Participating Companies will report to the audit provider if they have no purchases of roundfish (in total or from a typical RFMO region) for each quarter by the last day of the following calendar quarter. In addition, ISSF Participating Companies that purchase loins and finished goods only from other ISSF Participating Companies must affirm to the audit provider for each quarter by the last day of the following calendar quarter.

Data submitted to RFMOs remains the property of the company submitting and is protected from any release or presentation that would reveal the operations of individual companies.
